

Azure Shield, LLC delivers proactive cyber-resilience through integrated consulting, specialized development, and professional training focused on DoW information systems. We empower agencies to master the Cybersecurity Risk Management Construct (CSRMC), ensuring continuous security compliance (NIST/DISA) and enhancing team readiness. Our trusted expertise drives rapid threat mitigation, streamlines security operations, and maintains operational resilience across complex Information Technology (IT) and Operational Technology (OT) environments.

Core Competencies

Security Compliance

- **Authorization:** ATO / Continuous ATO (cATO)
- **Compliance:** RMF / NIST 800-53 / CSRMC / 800-171
- **DoW Standards:** CMMC (L1-3) / DISA STIGs
- **Modernization:** Zero Trust Architecture (ZTA) / DevSecOps
- **Strategic Oversight:** Cross-Domain Solution (CDS) Oversight / SCIF-Ready Strategy
- **Environments:** Classified & Unclassified Systems / FedRAMP
- **Specialized:** OT & IT Security
- **Governance & Culture:** ISO 27001 (ISMS) / Cyber Awareness Programs

Core Data

CAGE: 8BUQ1 | **UEI:** CAK6KVSGZPE8 | **Work Area:** Nationwide
Phone: (256) 583-3272
Email: info@azure-shield.com
Address: 7027 Old Madison Pike, Suite 108, Huntsville, AL 35806
Socio-Economic Status: Pending WOSB
NAICS: 541512, 541330, 541519, 541511, 518210, 541611, 541990, 611420, 611430, 561410

Past Performance

We utilizes a Secure-by-Design approach, integrating RMF and CSRMC into the full SDLC for complex DoW and Federal programs. Our team seamlessly integrates into our partner's cleared environments, ensuring NIST and DISA compliance controls are built into core architectures to deliver enhanced operational efficiency and flawless cATO retention across both IT and OT systems.

Certifications

International Information System Security Certification Consortium (ISC2)

- Certified Information Systems Security Professional
- ID: 588583

Council of E-Commerce Consultants (EC-Council)

- Associate Certified Chief Information Security Officer
- ID: ECC8135694270

Differentiators

Azure Shield, LLC is a Principal-led cybersecurity firm providing over 20 years of strategic leadership in DoW Cyber Risk Management. We specialize in an "Embedded Specialist" model, providing immediate, TS-cleared GRC oversight directly within Prime contractor facilities to eliminate FCL and CMMC infrastructure delays. Our specialized focus on CSRMC automation platforms allows us to cut ATO timelines by 25% or more.
